

To Whom It May Concern,

It is my pleasure to write a recommendation for Zoe Thomson. I have taught Zoe for 3 years at Seaton High School in our Diamond Sports Academy Program. In that time, she has always been a respectful, hardworking student-athlete.

Zoe is a valuable member of our Open Softball team playing second base, outfield and pitcher. She has exceptional speed on the base paths. She is an excellent communicator in the field, is always in the game knowing situations and communicating them with her teammates.

At our High School State Tournament this year Zoe hit consistently and with variation – slapping, bunting, and hitting for power. She hit well with RISP scoring multiple RBI's for our team. She has a very calm approach to hitting and takes on constructive feedback.

As a team member Zoe is well respected by her teammates, has an excellent work ethic and provides leadership for younger players. This is evident in her positive & encouraging interactions with teammates, she is always supportive, helpful, appreciative and puts the team first. Zoe responds well to instructions, is coachable and is always striving to get better. When I need something done or support with our program she is the first student I contact, she follows through with her responsibilities and only needs to be asked once to complete a task.

Academically Zoe is outstanding. She submits her class work on time, pays attention to detail when completing her work, submits drafts and asks for support when she requires it. She can work effectively individually or collaboratively on assignments and has always achieved an A grade in our program.

I wish her well in her goal of achieving a Softball Scholarship in the American College System, she is a joy to coach.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "M. McGie", written in a cursive style.
