

To whom it may concern,

I am writing this letter of recommendation for Molly Gill in her athletic pursuits.

I have had the pleasure of coaching and getting to know Molly since April of 2023 and most recently coaching her as part of the Australian U18 Women's team selected for the U18 World Cup Oceania Qualifier.

Throughout the short time I have known Molly, she has proven to be a hardworking and extremely coachable athlete. Her ability to adjust in her approach to defensive and offensive skills is outstanding for her age and experience in the game of softball. As her knowledge of the game grows, she is showing her ever growing ability to be a significant offensive threat from the left-hand batter's box.

In the lead up to the Oceania Qualifier, Molly has a diligent athlete and constantly sought feedback to ensure she would perform at her best for our team to qualify for the next stage of the U18 World Cup. Her hard work and preparation saw her as our starting centrefielder throughout the tournament as well as a consistent number two in our hitting line up, hitting 0.357 for the tournament. In the field, she reads the ball well and has great coverage and leadership taking charge of the outfield.

Not only does Molly make a significant contribution to the team on the field, but also off. She was a key part of the fantastic culture the athletes created in a small time. She was a fantastic teammate showing both selflessness and positive energy to ensure those around her felt part of the team.

Overall, Molly is a great athlete to coach but also a young person who displays integrity and maturity beyond her years. I have no hesitation in endorsing Molly for any team/college program as she will be an asset as both an athlete and student and would be well suited to the college environment.

I wish Molly good luck in all future accomplishments and look forward to seeing her development over the years to come.

Kind regards,
Amanda 'Reggie' Fairley
